DRAFT

MARION TOWNSHIP
BOARD OF TRUSTEES
REGULAR MEETING
JULY 13, 2017

MEMBERS PRESENT: Tammy Beal, Les Andersen, Greg Durbin, Dan Lowe, Scott Lloyd, Bob Hanvey, and Duane Stokes

MEMBERS ABSENT: None

CALL TO ORDER

Bob Hanvey called the meeting to order at 7:30 p.m.

PLEDGE OF ALLEGIANCE

BOARD MEMBERS PRESENT

The board members introduced themselves.

CALL TO THE PUBLIC

Pablo Davila, 2939 County Farm, asked the board about the speed limit on County Farm. There is no 55 MPH sign on south bound County Farm Road. Bob Hanvey said LCRC is aware of the situation. Per the sheriff's department, if it's unposted, the speed limit is 55 MPH.

Susan Schooley, 459 E. Davis Rd., was present to discuss her complaint regarding Howell Landscaping Supplies. She doesn't believe having the Planning Commission change language in the ordinance addresses the situation. The business is not a nursery, it's a trucking company, and does not comply with the ordinance.

Tim Ryan, 459 E. Davis Rd., said he's not sure the board members understand the noise and dust this business is creating. There is a lot of truck traffic in and out all day.

Dan Lowe asked who's driving the trucks; Mr. Ryan said employees. Mr. Lowe believes this is a trucking company, not a landscaping company.

APPROVAL OF AGENDA

Items #16—Catholic Charities and #17—Planning Commission Discussion were added to the agenda. Les Andersen motioned to approve the agenda as amended. Scott Lloyd seconded. **Motion carried.**

CONSENT AGENDA

Les Andersen motioned to approve the consent agenda. Greg Durbin seconded. **Motion carried.**

EDC CONTRACT EXTENSION

Tammy Beal motioned to postpone this item until the SPARK/EDC representatives can attend the meeting. Greg Durbin seconded. **Motion carried.**

77777777
LAND DIVISION ORDINANCE

Les Andersen motioned to instruct the Planning Commission to work on language to allow the assessor to deny a land division if a non-conforming parcel or zoning violation would be created as a result. Greg Durbin seconded. **Motion carried.**

CARLISLE WORTMAN/MASTER PLAN

Les Andersen motioned to ask Carlisle Wortman for a proposal to work on the master plan. Tammy Beal seconded. **Motion carried.**

ZONING ADMINISTRATOR POSITION

Bob Hanvey asked for the board members' input on how to fill this position. Les Andersen said he would like input from John Enos. Greg Durbin suggested that the township draft the requirements for the position and then have Mr. Enos review them. Dan Lowe said he thinks asking the planner to provide input is wasted time, and there probably won't be more than one or two applicants. Cheryl Range, PC member, asked if the board had someone in mind. Bob Hanvey said that two people have expressed interest: Dave Hamann and Ginny Waltz. Scott Lloyd said he contacted Mr. Hamann. Mr. Hanvey said the zoning administrator is a statutory position and the board should make the hiring decision. Tammy Beal and Les Andersen said they feel that Dave Hamann is a good candidate. Mr. Lloyd said it should be advertised in the Livingston County Press, the township's website and the MTA website. Les Andersen motioned to have the position advertised with a deadline of August 1, and the applicants must be present at the August 10 board meeting. Bob Hanvey seconded. **Motion carried.**

ASSISTANT ASSESSOR POSITION

Bob Hanvey updated the board members on this item. An offer was made to one of the four applicants, and she declined.

ROADS

Tammy Beal said the dust control is scheduled for Monday, weather permitting. Forrest Wyckoff said that Cedar Lake Road is very dusty.

RECYCLING

Scott Lloyd motioned to accept the proposal from Sanitation Specialists for recycling services. Greg Durbin seconded. Roll call vote: Durbin, Stokes, Hanvey, Lloyd, Beal, Andersen, Lowe—all yes. **Motion carried 7-0.**

The board members discussed township-wide garbage collection. Dan Lowe said he supports. Bob Hanvey said there are some logistics that would have to be figured out. Some subdivisions already have contracts with garbage companies. He will investigate and report back to the board.

WWTP OPERATION/LIFT STATION COMMUNICATIONS

No new information on this item.

CIRAB MEETING REPORT

Scott Lloyd updated the board members on the recent CIRAB meeting. The township will have to raise the sewer rates by at least 5%. Bob Hanvey said he will get prices from Mike Spitler for the communications upgrade at the pump stations for the next meeting. Dan Lowe said the county and the City of Howell are trying to contract septage haulers and that has no benefit to the township. Duane Stokes asked if the DEQ has oversight; Mr. Lowe said yes.

NEW SOUND EQUIPMENT

The board members would like more information on the proposal from Fire Alarm Service Team LLC. Tammy Beal said she will call and arrange it.

CRYSTALWOOD UNIT #13

Bob Hanvey said he talked with Rick Elkow, who indicated he would have the supervisor take care of the cleaning. Dan Lowe said the township should have the video. Mr. Lowe also said the SAD needs to be set up for the protection of the residents. Bob Hanvey said he will pursue doing that.

HERITAGE DAYS REPORT

Information on income/expenses is included in the packet. Tammy Beal reported that the event had a profit of \$1,320.47. A wrap-up meeting is scheduled for Monday, July 24 at 6:30 pm.

ZBA REPORT

Dan Lowe reported that the ZBA heard two variances requests at the July 10 meeting. One for an accessory building in the front yard on Vines Road was denied, and one for an accessory building with a reduced side yard setback was granted.

CATHOLIC CHARITIES

Greg Durbin motioned to allow Livingston Catholic Charities to use the basement for collection of food and packages for Christmas, from the middle of November to December 8. Tammy Beal seconded. **Motion carried.**

PLANNING COMMISSION DISCUSSION

Dan Lowe said he spoke with a representative from MTA and they have recommended that the supervisor not be a member of the Planning Commission. Bob Hanvey said he thinks that the attorney general opinion was before the new statute, but will review.

CORRESPONDENCE/UPDATES

A letter to DEQ about Marion Creek requesting an extension for construction of the sanitary sewers is included in the packet.

The monthly Livingston County update is included in the packet.

CALL TO THE PUBLIC

No response.

ADJOURNMENT

Les Andersen motioned to adjourn at 9 pm. Tammy Beal seconded. **Motion carried.**

MOTION CARRIED UNANIMOUSLY.

Respectfully Submitted: _____
Barbara J. Souchick, Asst. Secretary/Treasurer

Approved By: _____
Mark Fosdick, Secretary

MONTHLY UPDATE TO THE BOARD

TO: HOWELL AREA FIRE AUTHORITY BOARD OF DIRECTORS
FROM: ANDY PLESS, FIRE CHIEF
SUBJECT: MONTHLY HAFD REPORT FOR JUNE, 2017
DATE: JULY 05, 2017

During the month of June the HAFD responded to a total of 133 calls for service. There were 124 calls in June of 2016. The total year-to-date runs for 2017 is 821. Last year's total at the end of June was 687.

Some of the more significant incidents for the month included:

On June 4th Howell Firefighters responded automatic aid to Brighton Area Fire on a reported structure fire in the 400 block of Lilly View Ct. in Genoa Township. On arrival firefighters quickly brought the fire under control containing it to the room of origin. The cause of the fire was determined to be from a battery powered skateboard that had shorted while charging.

On June 12th Howell Firefighters responded mutual aid to Putnam Fire on a working fire in a single family residence in the 2000 block of Beardsley Rd in Putnam Township. On arrival firefighters encountered a very large home that was fully involved in fire. It took firefighters over an hour to bring the flames under control. The cause of the fire is under investigation. A family pet did not survive the fire.

On June 18th Howell Firefighters responded to a reported structure fire in the 4000 block of Mcgunn Rd in Oceola Township. On arrival firefighters found that a barbeque grill had caught fire and burned the siding of the home. The homeowner and neighbors had kept the fire in check while waiting for fire to arrive. Damage was limited to the exterior of the home.

On June 21st firefighters from Howell and other County Agencies responded to an Ammonia leak from a rolled over trailer and tractor in Durand township in Shiawassee County. Firefighters on the County Hazmat team assisted on an advisory level with the local fire department and stood by until a clean-up company could come out and remove the hazard.

Howell Fire Department again participated in the Annual Balloon Fest weekend. Firefighters provided fire safety and medical assistance during the fireworks and all balloon launches. This year there were no significant injuries or issues during the times we were on stand-by.

Training for the month of June consisted of Chain Saw safety and cutting techniques. Special thanks to Miechaes Auto Salvage that provided scrap materials for cutting metals, and DTE for providing telephone poles for use with the chain saws.

The next meeting of the Howell Area Fire Authority Board is scheduled for Wednesday July 19th, 2016 at 6:00 pm.

**HOWELL AREA FIRE DEPARTMENT
FIRE MARSHAL DIVISION**

1211 W. Grand River
Howell, MI 48843
517-546-0560
FAX: 517-546-6011
firemarshal@howellfire.net

DATE: July 11, 2017
TO: Chief Pless
Fire Authority Board
FROM: Jamil Czubenko, Battalion Chief/Fire Marshal
REF: June 2017 Month End

The month of June 2017 was busy in the Fire Marshal Division.

The FMD participated in emergency responses and department training throughout the month.

The FMD has been involved with new and proposed projects for vacant property and existing buildings throughout our jurisdiction. Proposals and plans for projects continue to be submitted for review and comment.

Planning and meetings continued for the 2017 Michigan Challenge Balloonfest. The Fire Department was active throughout the event and had a presence at the Balloonfest this year. The Balloonfest was June 23-25, 2017 on the Howell High School Campus. We conducted fire safety inspections of all food vendors and the carnival before the start of the event. We were also involved with the Fireworks display for Friday night entertainment. The FMD worked with Night Magic Fireworks before, during and after the show. The event was successful and went without incident.

To date approximately 1930 kids and 1400 adults have made public education contact with the HAFD, totaling approximately 350 personnel hours.

The HAFD visited 4 homes and installed a total of 6 smoke detectors and 1 CO/Smoke detectors. To date, 70 working smoke detectors plus the 40 smokes and 10 CO/Smoke detectors we've installed.

19 new inspections and 9 re-inspections were completed. 17 plan reviews/consultations and 6 fire safety tests were also completed.

June 2017 brings us more planning for future projects and various fire prevention events.

TOWNSHIP OF MARION
AGREEMENT FOR PAYMENT OF ROAD PAVING CHARGES

This Agreement for Payment of Road Paving Charges ("Agreement") is made on _____ by and between Marion Township, a Michigan General Law Township, whose address is 2877 West Coon Lake Road, Howell Michigan 48843 ("Township") and Sterling Land Ventures, LLC, a Michigan limited liability company, whose address is 2683 Lake Ridge, Wixom, Michigan 48393 ("Developer").

WHEREAS, the Township and Developer entered into a Consent Judgment ("Judgment") for the development of the Crystalwood II Condominium that required Developer to complete the paving of all the roads in the Crystalwood and Crystalwood II condominiums (the "Project");

WHEREAS, the Developer owns certain real estate located within the Township, identified as Crystal Wood II condominium units ___list___, Property Identification Numbers ___list___ (the "Property") legal description attached as exhibit A;

WHEREAS, the Judgment called for the financing of the Project via a Special Assessment District to be levied on the units owned by the Developer;

WHEREAS, the Developer intends to complete the Project which will result in a cost not to exceed \$300,000;

WHEREAS, the Township and the Developer wish to enter into an agreement to provide for the manner of payment of the Project Charge;

WHEREAS, the Township Board, based upon the promises and commitments of the Developer agreed to herein, approved this Agreement at a Regular Township Board Meeting held on July 17, 2017;

NOW, THEREFORE, in consideration of mutual promises, performances, covenants, and payment obligations of the parties, it is hereby agreed as follows:

Section 1. Property. The Developer represents and warrants that it has fee simple legal title to the Property .

Section 2. Paving Charge. Based on Developer's plans for the Property, the Township has determined that an estimate of the cost of the Project is not to exceed \$300,000. The Developer acknowledges and agrees that such paving charge is due to the Township and that the paving charge is a correct and accurate charge for the Developer's proposed use of the property.

Section 3. Payment of the Developer's Paving Charge. Instead of paying the Developer's Paving Charge in a single payment, the Developer has requested to pay such charge by paying a 25% down payment at the time of signing this Agreement and the balance in five annual installment payments with interest at five percent per year on the unpaid balance to be included on the summer property tax bill for the Crystalwood II units listed above. The payment schedule is attached to this document as Exhibit B.

Section 4. Special Assessment Lien. The Developer and the Township agree that this Agreement shall constitute a special assessment lien on the Property in the amount of the balance due on the Developer's Paving Charge pursuant to Act 188, Michigan Public Acts of 1954, as amended, MCL 41.721 et seq. ("Act 188"). The Developer specifically acknowledges that it is entitled to certain public hearings and notices pursuant to the provisions of Act 188, and Developer voluntarily agrees to waive its rights to such public hearings and notices and waives its rights to protest the assessment or lien. The Developer specifically agrees that the special assessment lien created by this Agreement is a valid and binding lien, enforceable in accordance with the terms of Act 188 and the laws of the State of Michigan. The Township shall have the rights to enforce this lien as provided under Act 188 and the laws of the State of Michigan, including but not limited to imposing penalties and additional interest,

placing delinquent special assessments on the Township's ad valorem tax roll which could result in the Property being sold at a tax sale if such delinquent assessments are not paid. The Developer agrees that this Agreement, or a memorandum of this Agreement may be recorded with the Livingston County Register of Deeds office. The Developer warrants, agrees and covenants with the Township that it shall take no action to challenge the lien created hereby and the Developer warrants, agrees and covenants that it will not take any other steps to question the legal effect of the lien created by this Agreement.

Section 5. Payment in full at sale. The Developer acknowledges that the special assessment balance on each unit will be paid in full when sold to end users.

Section 6. Ordinance Compliance. The Developer acknowledges that the Developer is subject to and will comply with all present and future Township ordinances and/or policies pertaining to the use of the roads in Crystalwood and Crystalwood II condominium.

Section 7. Entire Agreement, Modification, Severability. This Agreement contains the entire understanding between the parties and any representations, inducements, promises or agreements, oral or otherwise, entered into prior to the execution of this Agreement, other than the Consent Judgment, are null and void and will not alter the conditions set forth herein. The Agreement shall not be modified in any manner, except by an instrument in writing executed by the parties. If any term or provision of this Agreement, or the application thereof to any person or circumstances shall, to any extent, be declared invalid or unenforceable by a court of competent jurisdiction, the remainder of the terms of the Agreement shall remain in full force and effect and shall not be affected by any such declaration.

Section 8. Counterparts. This Agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed an original, and such counterparts together shall constitute one and the same instrument.

Section 9. Governing Law. The laws of the State of Michigan shall govern the validity, performance and enforcement of this Agreement.

Section 10. Effective Date. This Agreement shall be effective as of the date first written above.

FEMA

JUL 17 2017

Mr. Matt Schnepf
State Hazard Mitigation Officer
Michigan State Police
Emergency Management and
Homeland Security Division
P.O. Box 30634
Lansing, MI 48909

Dear Mr. Schnepf:

Thank you for submitting adoption documentation for the Livingston County Hazard Mitigation Plan. The plan was reviewed based on the local plan criteria contained in 44 CFR Part 201, as authorized by the Disaster Mitigation Act of 2000. Livingston County met the required criteria for a multi-jurisdiction hazard mitigation plan on April 4, 2017 and the plan is now approved for the Township of Marion. Please submit adoption resolutions for any remaining jurisdictions who participated in the planning process.

The approval of this plan ensures continued availability of the full complement of Hazard Mitigation Assistance (HMA) Grants. All requests for funding, however, will be evaluated individually according to the specific eligibility and other requirements of the particular program under which the application is submitted.

We encourage the community to work with the county to follow the plan's schedule for monitoring and updating the plan, and continue their efforts to implement the mitigation measures. The expiration date of the Livingston County Plan is April 4, 2022. In order to continue project grant eligibility, the plan must be reviewed, revised as appropriate, resubmitted, and approved no later than the plan expiration date.

Please pass on our congratulations to the Township of Marion for completing this significant action. If you or the community have any questions, please contact Christine Meissner at (312) 408-4460 or christine.meissner@fema.dhs.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "MJP", written over a horizontal line.

Mark J. Peterson, Acting Director
Mitigation Division

SLX® WIRELESS SYSTEMS

**SMART, HARD-WORKING
WIRELESS.**

SLX® Wireless Microphone Systems

EVERYWHERE WIRELESS.

Whether it's for a sound installation or a working band on the road, audio professionals need powerful wireless tools that can be set up quickly and used confidently. Shure's rugged SLX Wireless Systems exceed these demands with innovative automatic setup features, exceptional wireless clarity and legendary Shure microphones. Supporting up to 20 compatible systems across multiple UHF frequency bands, SLX smoothly integrates into houses of worship, lecture halls, conference rooms and mobile gear cases.

Shure's patented Audio Reference Companding
Delivers crystal-clear audio transmission, far superior to conventional wireless technology

Auto Frequency Selection
Locates a clear channel instantly

Auto Transmitter Setup
Infrared link automatically syncs the transmitter and receiver

* Wireless Receiver

- Detachable ¼ wave antennas
- Backlit LCD
- Rack-mount hardware included
- ¼" and XLR audio outputs
- Frequency and power lockout
- Volume control on rear of unit
- Rugged metal construction

Handheld or Bodypack Transmitter

- Choice of Shure handheld microphones
- Bodypack works with headworn, lavalier and instrument microphones and cables
- Timed backlit LCD
- Frequency and power lockout
- 2 AA batteries (included) provide 8 hours of continuous use
- 100m (300 ft.) operating range

Available System Options

Handheld

SM58[®]
SM86
BETA 58A[®]

BETA 87A
BETA 87C

Systems include:

SLX4 Diversity Receiver and a choice of Handheld Microphone Transmitter.

SLX24/SM58
SLX24/SM86
SLX24/BETA58

SLX24/BETA87A
SLX24/BETA87C

Lavalier

WL93
WL184
WL185

Systems include:

SLX4 Diversity Receiver, SLX1 Bodypack Transmitter and a choice of Microphone or Guitar/Bass Cable.

SLX14/93 SLX14/SM35
SLX14/84
SLX14/85

Headworn

SM35*
*Available in select regions.

Guitar

Wireless Microflex[®] Boundary/Gooseneck

MX690

MX405
with MX890

MX410
with MX890

Microflex Microphones are sold as components only.

Optional Accessories

- UA221 Passive Antenna Splitter
- UA505 Remote Mount Kit for ½ wave antennas
- UA820 ½ Wave Antennas
- UA825 25' cable for ½ wave antennas
- UA844SWB Antenna/Power Distribution System
- UA850 50' cable for ½ wave antennas
- UA830 Active Remote Antenna Kit (UA844 required)
- UA870 Active Directional Antenna (UA844 required)
- WA610 Universal Hard Carrying Case transmitter

Optional Logic Functionality

A logic circuit and associated block connector is provided on the SLX4L receiver, designed to function optimally with software echo cancellers and provide remote monitoring of transmitter battery life. Supported models include MX690, MX890, and SLX4L receiver.

- SLX4L Wireless Receiver with Logic
- MX690 Wireless Microflex[®] Boundary Microphone
- MX890 Wireless Microflex[®] Desktop Base

System Specifications

NOTE: All specifications are subject to change.

Frequency Range and Transmitter Output Level

Band	Range	SLX1/SLX2	MX690/ MX890
H5	518-542 MHz	30 mW	10 mW
J3	572-596 MHz	28 mW	28 mW
L4	638-662 MHz	30 mW	10 mW
P4	702-726 MHz	30 mW	10 mW
R5	800-820 MHz	20 mW	10 mW
S6	838-865 MHz	10 mW	10 mW
JB	806-810 MHz	10 mW	10 mW
Q4	740-752 MHz	10 mW	10 mW
R13	794-806 MHz	20 mW	10 mW
G4	470-494 MHz	30 mW	10 mW
G5	494-518 MHz	30 mW	10 mW

Operating Range:

30-100 m (100-300 ft.) under typical conditions, depending on transmitter type

Note: actual range depends on RF signal absorption, reflection, and interference.

Audio Frequency Response:

Minimum: 45 Hz, Maximum: 15 kHz (± 2 dB)

Total Harmonic Distortion:

0.5%, typical (ref. ± 38 kHz deviation, 1 kHz tone)

Dynamic Range:

>100 dB A-weighted

Operating Temperature Range:

-18°C (0°F) to +50°C (+122°F)

Note: battery characteristics may limit this range.

Transmitter Audio Polarity:

Positive pressure on microphone diaphragm (or positive voltage, applied to tip of WA302 phone plug) produces positive voltage on pin 2 (with respect to pin 3 of low impedance output) and the tip of the high impedance 1/4-inch output.

NOTE: This radio apparatus may be capable of operating on some frequencies not authorized in your region. Please contact your national authority to obtain information on authorized frequencies and output power levels for wireless microphone products in your region.

Audio Reference Companding

- No "breathing" noise
- Lower noise floor
- More headroom - won't clip as easily
- Clearer sound at all audio levels
- Sounds more like a wired mic

Receiver

SLX4 Receiver Front

SLX4 Receiver Rear

SLX4L Receiver Rear

SLX4/SLX4L

Housing:

Galvanized steel

Audio Output Level:

(ref. ± 38 kHz deviation with 1 kHz tone)

XLR connector (into 600 Ω load):

-13 dBV

1/4 inch connector (into 3000 Ω load):

-2 dBV

Sensitivity:

-105 dBm for 12 dB SINAD, typical

Image Rejection

>70 dB, typical

Power:

12-18 Vdc at 150 mA, supplied by external power supply

Weight:

816 g (1 lb. 13 oz.)

Dimensions:

42 mm H x 197 mm W x 134 mm D

Handheld Transmitter

SLX2

Housing:

Molded ABS handle and battery cup

Audio Input Level:

-8 dBV maximum at 0dB position

Operating range:

100 m (300 ft.)

Power Requirements:

2 "AA" size alkaline or rechargeable batteries

Battery Life (alkaline):

>8 hours

Weight:

290 grams (10.2 oz.) without batteries

Dimensions:

254 mm x 51 mm dia.

(incl. SM58 cartridge)

Bodypack Transmitter

SLX1

Housing:

Molded ABS case

Audio Input Level:

+10 dBV max. at 0 dB gain position

Operating range:

* MX690 Wireless Boundary and MX890 Wireless Desktop Base

Overview

The Microflex Wireless Boundary microphone offers total freedom of placement with no holes to drill or cables to run for installation. The Wireless Boundary Microphone is the perfect solution for conference and meeting spaces where users demand flexibility and high performance. Compatible with Shure SLX® wireless systems, including the SLX4L receiver with logic output for applications requiring logic functionality.

Specifications (subject to change)

MX690 Microphone Specifications	
Type	Condenser (electret bias)
Frequency Response	50-17000 Hz
Polar Pattern (at 1 kHz)	Cardioid
Sensitivity (at 1 kHz, open circuit voltage)	-33 dBV/Pa (33 mV) 1 Pascal=94 dB SPL
Dynamic Range	96 dB (1 kΩ load at 1 kHz)
Common Mode Rejection	45 dB minimum (10 Hz to 100 kHz)
Preamplifier Output Clipping Level	-6 dBV (0.5 V) (1% THD)
Polarity	Positive sound pressure on diaphragm produces positive voltage on pin 2 relative to pin 3 of output XLR connector or tip of 1/4" phone plug.
MX690 and MX890 Transmitter Specifications	
Operating Range	30 m (100 ft.) Note: Actual range depends on RF signal absorption, reflection, and interference
Frequency Stability	±10 ppm
Maximum Frequency Deviation	45 kHz
Oscillator Type	Phase-locked loop (PLL) controlled synthesizer
Power Requirements	3V (2 AA alkaline or rechargeable batteries)
Battery Life	≥8 hours (alkaline)
Power Consumption	130 mA, ±15 mA
Operating Temperature Range	-18-57 °C (0-135 °F) Note: Battery may limit this range
Dimensions	43 mmH x 87 mmW x 148 mmD (1 11/16 x 3 3/8 x 5 13/16 in.)

Architectural Specifications

MX690 - The microphone shall be a surface mounted, black condenser microphone with a cardioid polar pattern. The microphone shall have an integrated wireless transmitter for audio signals with switchable carrier frequencies as well as preprogrammed groups up to 12 compatible channels. An infrared signal shall be used to synchronize the frequency between transmitter and receiver. The microphone shall be resistant to RF interference from portable mobile and handheld devices. The frequency range shall be 50Hz to 17KHz and the sensitivity shall be 33 mV/Pa.

MX890 - The wireless desk stand shall be a transmitter base for audio signals with switchable carrier frequencies as well as preprogrammed groups up to 12 compatible channels. An infrared signal shall be used to synchronize the frequency between transmitter and receiver. The wireless desk stand shall be used with the MX405 and MX410 series gooseneck microphones.
