UNFINISHED BUSINESS

1) GO# 01-23 CONTINUE PDR (PURCHASE DEVELOPMENT RIGHTS) ORDINANCE UPDATE

Alissa Starling agreed that she would change this to a General Ordinance.

Jim Anderson would like to change the language on PAGE 3 / SECTION 5.1 / #1, so residents don't think the Township is forcing them to give up their land.

Bob Hanvey recommended the following changes:

- PAGE 2 / DEFINITIONS: The language should exclude solar farms.
- PAGE 3 / VALUE OF DEVELOPMENT RIGHTS: This language should be put into layman's terms, so it is easier for everyone to understand.
- PAGE 4 / SECTION 5.2 / #2: This language should also be put into layman's terms and we should also require a title search.
- PAGE 4 / SECTION 5.2 / #10: Add "Proposed types of..."
- PAGE 4 / SECTION 5.2 / TITLE: The language should state, "Require application information submitted by the owner for consideration."
- PAGE 4 / SECTION 6.1 / TITLE: Replace the words "Supervisor and Planner" with "The Board of Trustees".
- PAGE 5 / SECTION 6.1: Changes to the first sentence.
- PAGE 5 / SECTION 6.1: Changes to the second sentence.
- PAGE 5 / SECTION 6.1 / #5: Changes to the language.
- PAGE 5 / SECTION 6.1: Add #7, #8 & #9.
- PAGE 5 / SECTION 6.2: Changes to the language.
- PAGE 5 / SECTION 6.2: Add a section for Attorneys review and comment.
- PAGE 5 / SECTION 6.2: This section becomes 6.3.
- PAGE 5 / SECTION 6.3: This section becomes 6.4.
- PAGE 6 / SECTION 7.3: Changes to the language.
- PAGE 6 / SECTION 7.4: Changes to the language.

CONTINUED - 1) GO# 01-23 PDR ORDINANCE UPDATE

- PAGE 6 / SECTION 7.5: Changes to the language.
 - PAGE 6 / SECTION 7.7 / #3: Changes to the language.
 - PAGE 6 / SECTION 7.7 / #4, #5, #6, #7, #8: This becomes SECTION 7.8 / #1, #2, #3, #3A, #3B.
 - PAGE 6-7 / SECTION 7.7 / #9: This becomes SECTION 7.9.
 - PAGE 6-7 / SECTION 7.7 / #10-#18: This becomes SECTION 7.9 / #1-#9.
 - PAGE 6-7 / SECTION 7.7 / #18: Alissa is going to think about this and come up with more information about this.
 - PAGE 7 / SECTION 5.2: This is a typo and should be SECTION 8.2.
 - PAGE 8 / SECTION 10.1: Keep the statement about "50 years".
 - PAGE 8 / SECTION 10.1 / #2: This is really confusing and should be re-worded.
 - PAGE 9 / SECTION 11.1 / TITLE: Typo: Remove "8".
 - PAGE 9 / SECTION 11.1: Add the word "millage" in option 1.
 - PAGE 9 / SECTION 11.3: Replace the words "Planning Commission" with "The Board of Trustees".
 - PAGE 10 / SECTION 13.1: Remove "and penalties".
- Alissa will make all of these changes and have them ready for the next Planning Commission meeting on June 27, 2023.

Jim Anderson asked if there was any comment from the public regarding this agenda item.

Les Andersen stated that as a Board Member, he does not like the 50-year option on PAGE 8 / SECTION 10.1. He believes that these agreements should last forever without the option of terminating the agreement.

3) ZA MEMO ON PENDING TEXT AMENDMENTS (MOVED AGENDA ITEM UP)

Dave asked the Commissioners to start thinking about what type of information should be going in a General Ordinance and what information should go in a Zoning Ordinance.

-EXTEND MEETING-

Cheryl Range made a motion to extend the meeting past 9:30pm. Bruce Powelson seconded. **MOTION CARRIED**

Jim Anderson stated that Home Occupations should be allowed to have a wall sign advertising the company name. A home-based business should be allowed to have a wall sign or a free-standing sign.

Jim Anderson said that the Commissioners should review the information for Short Term Rentals, Signs for Home Occupations, and Accessory Structures and bring back for discussion at the next PC meeting (June 27th).

2) CRYPTO ORDINANCE DATA PROCESSING INDUSTRIAL DISTRICT

Jim Anderson made a motion to table discussion on this item until the next meeting. Cheryl Range seconded. **MOTION CARRIED**

SPECIAL ORDERS

- **JESSICA DISCUSSED PAYROLL REQUIREMENTS FOR TRAININGS & SEMINARS**

Planning Commissioners must provide Jessica with a signed payroll sheet whenever they attend a training or seminar. They must also turn in class handout or report from the class.

ANNOUNCEMENTS

None.

CALL TO THE PUBLIC

None.

ADJOURNMENT

Cheryl Range made a motion to adjourn the meeting at 9:39pm. Bruce Powelson seconded. **MOTION CARRIED**

TOWNSHIP OF MARION

LIVINGSTON COUNTY, MICHIGAN

PURCHASE OF DEVELOPMENT RIGHTS

ARTICLE I: INTENT, PURPOSE, AND SHORT TITLE

SECTION 1.1: INTENT AND PURPOSE.

The intent and purpose of the proposed Purchase of Development Rights (PDR) ordinance in Marion Township is to protect and preserve the valuable agricultural land, conserve natural resources, protect scenic and cultural heritage, provide landowner benefits, and promote community collaboration. The ordinance aims to create a framework that encourages voluntary land conservation, supports sustainable agriculture, and safeguards the rural character, environmental integrity, and quality of life in Marion Township for future generations.

1. **Preservation of Agricultural Land.** The primary objective of the PDR ordinance is to preserve productive agricultural land within Marion Township. By offering incentives to landowners, the ordinance seeks to encourage the permanent protection of farmland from non-agricultural development. This preservation ensures the long-term viability of the agricultural industry, promotes local food production, and maintains the rural landscape that is vital to the Township's identity and heritage.
2. **Conservation of Natural Resources.** Another crucial purpose of the PDR program is to conserve valuable natural resources and ecosystems. The ordinance aims to identify and protect environmentally sensitive areas, such as wetlands, forests, and wildlife habitats, by acquiring development rights from landowners. This conservation effort contributes to maintaining biodiversity, preserving water quality, and supporting the overall health and resilience of local ecosystems.
3. **Scenic and Cultural Preservation.** The PDR ordinance recognizes the importance of scenic beauty and cultural heritage in Marion Township. It aims to protect scenic vistas, historic sites, and cultural landscapes that contribute to the aesthetic appeal and tourism potential of the area.
4. **Voluntary Participation and Landowner Benefits.** The intent of the PDR program is to offer voluntary participation for landowners who wish to conserve their land. The ordinance provides landowners with financial compensation in exchange for the purchase of development rights, allowing them to retain ownership while restricting future non-agricultural development. This approach provides landowners with economic benefits, financial security, and the opportunity to maintain their agricultural operations or preserve the natural character of their property.
5. **Community Collaboration and Planning.** The PDR ordinance encourages community collaboration and engagement in land use planning. It aims to involve stakeholders, including landowners, residents, agricultural organizations, and environmental groups, in the development and implementation of the program. By fostering partnerships and leveraging local knowledge, the ordinance ensures that the PDR program aligns with community goals and values while maximizing its effectiveness.

The permanent acquisition by Marion Township of development rights to farmland, open space and natural areas will provide the opportunity to retain and continue their current uses and provide for the long-term protection of public interests, which are served by the existence of farmland, open spaces, and natural areas in the township. The above are all examples of the public benefits that the township is seeking through purchase of development rights.

SECTION 1.2: SHORT TITLE.

This ordinance shall be known and may be cited and referred to as the "Marion Township XXXXXXXXXX" and shall hereinafter be referred to as "this ordinance."

ARTICLE II: SCOPE AND APPLICATION

SECTION 2.1. INTERPRETATION.

The terms and provisions of this ordinance shall be interpreted and applied as minimum standards and requirements for the promotion and protection of the public health, safety, and welfare, and for the public peace and preservation of natural resources and public and private property within the township.

SECTION 2.2. LOGIC

This article has been created to provide for the establishment, financing, and administration of a purchase of development rights program to protect farmland, open space, natural areas, and other areas of eligible land as defined herein, in accordance with Public Act 110 of 2006, as amended.

SECTION 2.3. ACQUISITION

The acquisition of interests in farmland as provided in this Ordinance is a public purpose of Marion Township as provided in this Ordinance and financing such acquisition requires that the Township enter purchases or installment purchases not to exceed statutory limits.

ARTICLE III: DEFINITIONS

SECTION 3.1. DEFINITIONS.

For construction and application of this ordinance, the following definitions shall apply:

Agricultural Rights: An interest in and the right to use and possess land for purposes and activities related to open space, natural habitat, horticultural and other agricultural uses.

Agricultural Use. Land substantially undeveloped and devoted to the production of plants and animals useful to humans, including fruits, nuts, vegetables, greenhouse plants, Christmas trees and lumber, forages and sod crops, grains and feed crops, dairy and dairy products, livestock (including breeding and grazing), poultry and other similar uses and activities.

Board of Trustees: The Marion Township Board of Trustees.

Conservation value: The agricultural, natural, open space, scientific, biological, and ecological values of a parcel of property that are found to be worthy of protection.

Development: An activity that materially alters or affects the existing conditions or use of any land.

Development rights: The right to develop land to the maximum intensity of development authorized by law.

Development rights easement: A grant, by a legal instrument, whereby an owner relinquishes to the public the right to develop the land except as expressly reserved in the instrument, and which contains a covenant running with the land describing the easement terms, conditions, and development rights.

Full ownership: Fee simple ownership, or outright ownership of real property, including the ownership

of all aspects of title, including the ability to transfer the totality of the title.

Intensity of development: The height, bulk, area, density, setback, use and other similar characteristics of development.

Other eligible land: Land that has a common property line with agricultural land from which development rights have been purchased and that is not divided from that agricultural land.

Owner: The party or parties who has/have legal title to or an equitable interest in the property.

Parcel: A measured portion of land that is described by virtue of a proposal to include the parcel in an agreement to acquire or transfer development rights, in accordance with the provisions of this Ordinance.

Permitted use: Any use reserved within a development rights easement essential to the farming operation thereon or which does not alter the open space character of the land.

Value of development rights: The difference **after subtracting** the fair market value of **owning the land** (excluding **building(s) additional value**) and the fair market value of the rights being purchased plus any residential development rights **the owner wishes to retain**.

ARTICLE IV: ELIGIBILITY

SECTION 4.1. ELIGIBILITY, APPLICATION, AND REQUIRED INFORMATION.

Lands that may be considered for purchase of development rights shall exhibit at least one of the following characteristics:

1. Are currently used for agricultural and farming or have been used for such uses in the past and may immediately be returned to active agricultural and farming use.
2. Contain woodland, trees, tree stands or wooded habitat.
3. Contain wetland.
4. Contain 100-year floodplain, natural watercourse, lake or pond, or shoreline of a lake or pond.
5. Are currently open and void of all manmade structures such as dwellings, barns, garages, sheds, buildings, paved or unpaved roads or drives, and debris. Lands which contained such structures in the past may be eligible but only if all such structures have been removed prior to consideration and the land is open and void at the time of consideration. A special exception can be made by the Township Board, upon the recommendation of the Supervisor and planner, and the Planning Commission, to consider land which contains historic structures that have significance to the township overall.

ARTICLE V: APPLICATION

SECTION 5.1. APPLICATION.

Any person may apply to the township for purchase of the development rights of his/her/their land. A person may apply by providing a request in writing accompanied by the required information as set forth herein. Application forms may be provided by the township and shall be used if available. Any application and review fees as required by resolution by the Township Board shall be paid at the time of application. The act of filing an application provides no assurance of approval and subsequent purchase of development rights.

1. The township may initiate the purchase of development rights by directing the Township

Supervisor and township planner to explore the possibility of purchasing the development rights from a specific parcel. Such exploration shall include identification of the property owner, determining the owner's willingness to work with the township, and conducting an informal evaluation as to whether the property could be eligible and could meet the standards herein. If the exploration work finds that purchase of the development rights is possible, the Township Supervisor shall prepare or make arrangements for the preparation of a complete application as set forth herein. The township is not obligated to further pursue a self-initiated application, nor is the township obligated to approve or subsequently purchase the development rights.

SECTION 5.2. REQUIRED APPLICATION INFORMATION SUBMITTED BY THE OWNER FOR CONSIDERATION.

The following information is necessary and shall be provided for review by an applicant when considering any land for purchase of development rights:

1. Parcel identification number, legal description, and parcel size.
2. Copy of the title and deed **that belongs** to the property, **along with a completed title search confirming rightful ownership of the property.**
3. Identification of all rights-of-way or easements on the property.
4. Complete ownership information including a certification that the interests of all joint tenants, financial institutions, and any party with an interest in the property are disclosed.
5. Property value data including assessed value and estimated market value.
6. Existing land use on and adjacent to the parcel.
7. Identification of the significant natural features (wetlands, woodlands, trees, ponds, streams, rivers, habitat containing endangered or threatened species or species of special concern, etc.).
8. Identification of known environmental concerns on the property (e.g., evidence of buried waste, soil contamination, ground, or surface water contamination, etc.).
9. Survey of property by registered surveyor indicating parcel boundaries, location of buildings, walls, shelters, fences, bridges, trails, roads, and other built features.
10. **Proposed types** of development rights to be purchased (e.g., fee ownership, undivided interest, conservation restriction, retained life estate, reversionary interest).
11. Description of any rights the owner wishes to retain.
12. Identification and explanation of mineral, oil and gas, or water rights that may exist.

SECTION 5.3. AUTHORIZATION.

The Township Board may purchase the development rights of land from willing homeowners in Marion Township that is or was an active agricultural operation, open space, or natural areas as defined herein as intended by this article. The property interest acquired may be either the development rights, or any lesser interest, easement, covenant, or other contractual right. Purchase of development rights under this article may not be accomplished through condemnation. Participation in this program by a landowner shall be voluntary; the township shall have no authority to force a landowner to participate.

1. The Township Board is further authorized to participate, partner or contract with public, private, or nonprofit land conservation organizations or trusts to purchase, administer and enforce the rights obtained by the township under the PDR program.

ARTICLE VI: REVIEW PRODECURES

SECTION 6.1. THE BOARD OF TRUSTEES REVIEW AND RECOMMENDATION.

It shall be the responsibility of the Township Supervisor and township planner to determine **whether an application is complete**. For complete applications, the supervisor and planner shall prepare a written report to the Planning Commission describing the case and **provide** a recommendation regarding the following:

1. Whether to purchase development rights.
2. Which development rights to purchase.
3. The intensity of development permitted after the purchase of the land which the development rights are purchased.
4. The price at which development rights will be purchased and the method of payment.
5. The procedure for ensuring that the purchase or sale of the development rights is **designed** to run with the land.
6. In preparing their report, the supervisor and planner may consult with any other staff, consultants, agencies, and experts that may be necessary.
7. **Placeholder text**
8. **Placeholder text**
9. **Placeholder text**

SECTION 6.2. ATTORNEY REVIEW AND COMMENT

SECTION 6.3. PLANNING COMMISSION REVIEW AND RECOMMENDATION.

The Planning Commission shall review the application and written reports provided by the Supervisor and Township Planner. Upon completing its review, the Planning Commission shall make a recommendation to the Township Board based upon its findings and the requirements and standards in this article as well as the goals, policies and objectives of the township expressed in the master plan and adopted ordinances. A public hearing may be called by the Planning Commission, in which case the hearing shall be noticed in accordance with the procedures set forth in article 4.00 of this Ordinance. The Planning Commission's recommendation shall be made only after the public hearing has been held. The Planning Commission shall recommend that the Township Board purchase **or not purchase** the development rights. Comment regarding the financing mechanism to purchase the development rights if recommended **shall also be included**.

SECTION 6.4. TOWNSHIP BOARD OF TRUSTEES REVIEW AND ACTION.

The Township Board shall review the application (which may be provided to the board in summary), written reports (which may be provided to the board in summary), and Planning Commission recommendation. Upon completing its review, the Township Board shall decide whether to purchase the development rights of the property under consideration or not and shall decide on the financing mechanism in which to purchase the development rights if the decision is to purchase. The decision of the Township Board is discretionary; the findings and recommendations by the supervisor and planner,

and the Planning Commission, shall not obligate the Township Board to purchase or not purchase development rights.

ARTICLE VII: APPROVAL AND CONDITIONS.

SECTION 7.1. STANDARDS FOR APPROVAL.

When considering the purchase of development rights under the procedures set forth in this article, the following standards shall be followed for approving, modifying, or rejecting an application to purchase development rights:

SECTION 7.2. ELIGIBLE LANDS.

Only those parcels of land that meet or exceed the eligibility criteria as set forth in this article may be considered for purchase of development rights.

SECTION 7.3. ELIGIBLE RIGHTS.

The township shall only purchase the rights to develop the land to the maximum intensity of development for the current zoning designation at the time this article was adopted.

SECTION 7.4. PURCHASE METHODOLOGY.

The purchase price of the development rights shall be equal to or less than the appraised value of the development rights, less than the agricultural rights, and specifically retained development rights. The method of payment shall be determined in advance of the purchase of development rights. Any approvals or procedural requirements related to the method of payment must be secured separately and prior to the purchase of the development rights or made a condition to the approval thereof.

SECTION 7.5. CONFORMANCE WITH PDR CONCEPT.

The purchase of the development rights being considered shall be consistent with and promote the intent of the purchase of development rights concept. The purchase shall also be consistent with the specific standards and requirements set forth herein.

SECTION 7.6. COMPATIBILITY WITH TOWNSHIP MASTER PLAN.

The purchase of the development rights being considered shall be compatible with the general principals, goals, objectives, and policies set forth in the adopted master plan.

SECTION 7.7. FARMLAND PRESERVATION, OPEN SPACE, AND NATURAL RESOURCE PRESERVATION.

The purchase of the development rights shall accomplish one or more of the following:

1. Preservation of farmland from being developed with another use, enabling land to continue in agricultural or farm use.
2. Preservation of open space for the visual, scenic, active recreation, or passive recreation enjoyment of township residents.
3. Preservation of a natural area to further the possibility of growth, wildlife habitat, and restoration of that natural area in the future.

SECTION 7.8. PURCHASE AGREEMENT

1. Purchase Agreement. The purchase of the development rights shall be accomplished by a purchase agreement, or other equivalent instrument, that fixes the transaction to run with the land and is recorded with the register of deeds.
2. Conformance to all applicable regulations. The application shall be made, and the purchase of development rights shall be carried out, in conformance with all applicable federal, state, and local laws and regulations.
3. Conditions of Approval. Any purchase of development rights made through this purchase of development rights program shall be set forth in a written agreement that is in recordable form suitable for recording. The purchase agreement shall specify the conditions of approval, including the following, at minimum:
 - a. Runs with the Land. The purchase agreement shall state that the conveyance of the development rights shall run with the land.
 - b. Rights Retained by Owner. The purchase agreement shall state the provisions by the owner to retain certain rights, including a detailed description of the retained rights, the right to convey the retained rights, and maintaining existing structures.

SECTION 7.9. PROHIBITED ACTIVITIES

Prohibited Activities. Any activity on or use of the property that is inconsistent with the purposes of this article or detrimental to the values being preserved is prohibited. By way of example, the following activities and uses are prohibited:

1. Any division or subdivision of the property.
2. Commercial or industrial use (for purposes of this provision, farming and agricultural use shall not be considered commercial or industrial).
3. Placement or construction of any buildings, structures, fences, walls, roads, parking lots or other improvements, unless expressly permitted.
4. Cutting down trees or vegetation, unless expressly permitted.
5. Mining or alteration of the land surface, except where mineral rights have been retained by another owner and where the other owner has explicit rights to mine on the property as previously disclosed in the application review process.
6. Dumping of waste or other materials.
7. Alteration to natural watercourses, wetlands, or other natural water features.
8. Use of motorized off-road vehicles such as snowmobiles, all-terrain vehicles, motorcycles, and the like.
9. Construction of billboards and other advertising signs, **and other signs as defined in Section 15.03.**

ARTICLE VIII: ENFORCEMENT AND MONITORING.

SECTION 8.1. MONITORING AND ENFORCEMENT.

The purchase agreement shall provide the township or its agent with certain rights needed to monitor the protection of the rights purchased. These rights shall include:

1. The right to enter the property at reasonable times to monitor or enforce compliance with the

conditions of approval and the purchase agreement. The township, however, shall not unreasonably interfere with the owner's retained rights on the property.

2. The right to prevent any activity or use of the property that is inconsistent with the conditions of approval and the purchase agreement.
3. The right to require restoration of the areas or features of the property that are damaged by activity inconsistent with the conditions of approval and the purchase agreement. The township or its agent shall also have the right to conduct studies on the property to determine appropriate types of restoration activities if necessary.
4. The right to place signs on the property to indicate that the property is being protected under the terms of this PDR program.

SECTION 8.2. FURTHER ACTION.

In addition to, or in lieu of, seeking to enforce this ordinance by proceeding under Section 8.1 above, the township may institute an appropriate action in a court of general jurisdiction seeking equitable relief.

ARTICLE IX: ENHANCEMENT.

SECTION 9.1. ENHANCEMENT

The purchase agreement may provide the township with the right to engage in activities that restore the biological and ecological integrity of the property. Such activities may include inventorying plant and animal species on the property, planting native vegetation, removal of undesirable vegetation, etc.

ARTICLE X: DURATION.

SECTION 10.1. DURATION OF ACQUIRED INTERESTS.

Development rights acquired pursuant to this Ordinance shall be held in trust by the Township for the benefit of its citizens in perpetuity. After 50 years have passed, the owner may make application to the Planning Commission that farmland described in this Ordinance has (a) become landlocked with non-agricultural uses, (b) farming is no longer feasible and (c) the release is for the public good. The Planning Commission will evaluate the feasibility of farming by determining whether the land is no longer and never will be suitable for any kind of agriculture, with wooded land left fallow not necessarily to be considered unsuitable.

1. Upon receiving the recommendations of the Planning Commission, the Board of Trustees shall take final action on such recommendations. The Board of Trustees must support the request by the owner to repurchase development rights by a five-member majority of the total seven Trustees.
2. For those properties for which the Board of Trustees approves the return of development rights as specified in Subsection (1), the Planning Commission shall **conduct** an appraisal of the applicant's property interest (**property rights**) at the owner's expense. Payment for this appraisal shall be made by the owner in advance. **After the appraisal is conducted**, the value of development rights **will be determined by two (2) follow up appraisals**. One appraisal shall determine the fair market value of full ownership of the land (excluding buildings thereon), and one shall determine the fair market value of the agricultural rights plus any specifically retained residential development rights.

3. Appraisals shall be made by State certified appraisers selected by the Planning Commission. The selected appraiser shall not have a property interest, personal interest, or financial interest in eligible lands.
4. Appraisals shall be in writing and shall be furnished to the respective owners for review. Errors of fact in any appraisal may be called to the attention of the appraiser by the Planning Commission or by owners of the property appraised, but corrections of the appraisal may be made only by the appraiser.
5. At any time in this process, the owner may choose to withdraw the request for the return of development rights without penalty, while still being responsible for the Township's appraisal of the property as specified above in Subsection (2).
6. If the Board of Trustees approves the return of development rights, the Township shall have a right of first refusal to purchase the remaining rights at the fair market value of the agricultural rights plus any retained development rights, as determined by a State certified appraiser. Upon receiving the recommendations of the Planning Commission, the Board of Trustees shall take final action on such recommendations. If the Board of Trustees chooses to exercise this right of first refusal, an offer to purchase the remaining rights at the appraised value shall be submitted. Acquisition of lands shall not be made with funds authorized for development rights acquisition pursuant to this Ordinance. The owner may at that time choose to not sell the remaining rights and instead retain ownership of the property.
7. If (a) a request to re-purchase development rights is denied by the Board of Trustees, or (b) the landowner chooses not to sell the remaining rights the Township chooses to exercise its right of first refusal or (c) more than a year passes from the Board of Trustees' authorization for the re-purchase of development rights, the landowner must wait five years before re-applying to re-purchase development rights.
 - a. The Township may convey development rights acquired pursuant to this Ordinance to a conservation, open space preservation, historic preservation or similar organization under terms ensuring that the public benefits for which the Township purchased the development rights will be maintained.

ARTICLE XI: FINANCING

SECTION 11.1.

OPTION 1: The Township Board of Trustees shall finance the PDR program through one or more of the sources identified in Section 509(1) of Public Act 110 of 2006, as amended, including: General appropriations by the Township; proceeds from the sale of development rights by the township subject to Section 508(3) of Public Act 110 of 2006, as amended; grants; donations; millage; bonds or notes issued under Sections 509(2)—(5); general fund revenue; special assessments under Section 509(6); and other sources approved by the legislative body and permitted by law.

OPTION 2: Development Rights Acquisition Fund. The funds for purchasing development rights on farmland shall be placed in a designated Development Rights Acquisition Fund to be hereafter created in the office of the Treasurer of Marion Township (here and after "Acquisition Fund"). Money in such an acquisition fund may be temporarily deposited in such institutions or invested in such obligations as may be lawful for the investment of Township money. The funds and any interest received from the deposit or investment of such funds shall be applied and used solely for the purposes set forth in this Ordinance.

SECTION 11.2. RELATED COSTS.

The costs of appraisal, easement development, baseline documentation, legal and other services lawfully incurred incident to the acquisition of interests in eligible lands by the Township shall be paid by the Township. The Township shall not be responsible for expenses incurred by the owner incident to this transaction.

SECTION 11.3. SUPPLEMENTAL FUNDS.

Supplemental or matching funds from other governmental agencies or private sources may become available to pay a portion of the cost of acquiring development rights, or some lesser interest in eligible lands or to supplement or enlarge such acquisition. The **Board of Trustees** is hereby authorized to utilize such funds to purchase interests in eligible lands or to otherwise supplement Township funds in the manner provided by this Ordinance and in accordance with the applicable laws or terms governing such grant.

ARTICLE XII: SEVERABILITY

SECTION 12.1.

If any one or more sections, provisions, phrases, or words of this ordinance shall be found to be invalid by a court of competent jurisdiction, such holding shall not affect the validity nor the enforceability of the remaining sections, provisions, phrases, or words of this ordinance unless expressly so determined by the court.

ARTICLE XIII: NONEXCLUSIVITY

SECTION 13.1.

The prohibitions provided for in this ordinance shall be in addition to, and not exclusive of, other prohibitions and penalties provided for by other law, ordinance, rule and/or regulation.

ARTICLE XIV: ADOPTION

SECTION 14.1.

Provision of this ordinance shall take effect thirty (30) days from the date of publication in accordance with the statutes of the State of Michigan.

The ordinance was unanimously adopted by the Township Board on _____ 2023, as verified by Tammy Beal, Marion Township Clerk.

		<i>Notify Zoning Administrator</i>

First, I would like to address the proposed changes to the Development Standards in the Zoning Ordinance. The Zoning Enabling Act (MCL 125.3101 et al) is the authorizing statute that is the basis of all municipal zoning ordinances. MCL 125.3501 is the statutory authority within the Zoning Enabling Act for Site Plan Review Procedures and Requirements, it reads:

Sec. 501.

- (1) *The local unit of government may require the submission and approval of a site plan before authorization of a land use or activity regulated by a zoning ordinance. The zoning ordinance shall specify the body or official responsible for reviewing site plans and granting approval.*
- (2) *If a zoning ordinance requires site plan approval, the site plan, as approved, shall become part of the record of approval, and subsequent actions relating to the activity authorized shall be consistent with the approved site plan, unless a change conforming to the zoning ordinance is agreed to by the landowner and the body or official that initially approved the site plan.*
- (3) *The procedures and requirements for the submission and approval of site plans shall be specified in the zoning ordinance. Site plan submission, review, and approval shall be required for special land uses and planned unit developments.*
- (4) *A decision rejecting, approving, or conditionally approving a site plan shall be based upon requirements and standards contained in the zoning ordinance, other statutorily authorized and properly adopted local unit of government planning documents, other applicable ordinances, and state and federal statutes.*
- (5) *A site plan shall be approved if it contains the information required by the zoning ordinance and is in compliance with the conditions imposed under the zoning ordinance, other statutorily authorized and properly adopted local unit of government planning documents, other applicable ordinances, and state and federal statutes.*

There is no requirement that a Township provide site plan review process before authorizing land uses under a zoning ordinance, as the statute says “may” in paragraph 1. However, I always recommend a municipality handling its own zoning engage in this function, as it prevents or avoids numerous potential future zoning violations. If the Township determines to require submission and approval of a site plan through a process, then the “requirements and standards” upon which those decisions are made must be contained in the zoning ordinance, according to Section 3. Further, according to Section 4, the Township cannot make a decision rejecting, approving, or conditionally approving a site plan under the Zoning Ordinance unless those “requirements and standards are contained in the zoning ordinance, other statutorily authorized and properly adopted local unit of government planning documents, other applicable ordinances, and state or federal statutes.”

This begs the question, upon what statutory authority does the Township adopt a “Construction Standard Policy Document”? I am not saying it cannot adopt “Construction Standards,” I am just saying I am not sure we can refer to them by reference in the zoning ordinance for the purpose of site plan review and remove the entire procedure and process from the zoning ordinance. It is my opinion that “other statutorily authorized and properly adopted local unit of government planning documents” refers to generally nationally promulgated codes that the Township is permitted by law to adopt by reference, such as 1) building codes, 2) fire codes, 3) property maintenance codes, or 4) historic preservation codes. Of course, I have not reviewed the policy document in question. Further, even if Township can refer to the development standards by reference, I am of the firm opinion the procedures for site plan review must stay in the Zoning Ordinance, per

paragraph 3. If the Township fails to comply with the Zoning Enabling Act, it runs the very real risk of having the site plan review section of the Ordinance, and maybe the entire Ordinance, overturned. The whole point of the Zoning Enabling Act is to require a public hearing and public input, before a change to something like a site plan review process or standards are implemented. Moving the process outside of the Township's Zoning Ordinance defeats that intent of notice and input. For these reasons, I do not recommend that the Township move the site plan review process or requirements out of the Zoning Ordinance. It might be possible to find some legislative authority to adopt Development Standards by Ordinance in the Township and then reference those standards in a site plan review process contained in the Zoning Ordinance.

Second, as to the issue of cargo containers, in the amendments proposed to define them and permit them in the HS and LI District, I did notice that you have not addressed the issue in the Residential Districts or to permit some sort of temporary allowance for moving PODs. Just some thoughts for consideration.

Third, as to Short Term Rentals, I was provided a definition that appears correct. But the proposed regulation to be added in Article IX, Section 9.01B 18 was blank. Is there a proposed regulation? If not, I can provide some similar ordinances from surrounding communities.

Lastly, the issue of the Plan United Development changes. The proposed amendments appear to intend to remove the Procedures for Review and Approval (Section 13.04) from the Zoning Ordinance and relocate them in a set of Development Standards Policy. The amendments also propose to add Section 13.05 regarding how to amend an existing PUD. I see no issue with the proposed amendment to the process of changing an existing PUD. However, I do not believe the Township can remove the Procedures for Review and Approval from the Zoning Ordinance. MCL 125.3503 is the legislative authority to regulate PUDs in the Zoning Enabling Act, which reads:

Sec. 503.

- (1) *As used in this section, "planned unit development" includes such terms as cluster zoning, planned development, community unit plan, and planned residential development and other terminology denoting zoning requirements designed to accomplish the objectives of the zoning ordinance through a land development project review process based on the application of site planning criteria to achieve integration of the proposed land development project with the characteristics of the project area.*
- (2) *The legislative body may establish planned unit development requirements in a zoning ordinance that permit flexibility in the regulation of land development, encourage innovation in land use and variety in design, layout, and type of structures constructed, achieve economy and efficiency in the use of land, natural resources, energy, and the provision of public services and utilities, encourage useful open space, and provide better housing, employment, and shopping opportunities particularly suited to the needs of the residents of this state. The review and approval of planned unit developments shall be by the zoning commission, an individual charged with administration of the zoning ordinance, or the legislative body, as specified in the zoning ordinance.*
- (3) *Within a land development project designated as a planned unit development, regulations relating to the use of land, including, but not limited to, permitted uses, lot sizes, setbacks, height limits, required facilities, buffers, open space areas, and land use density, shall be determined in accordance with the planned unit development regulations specified in the zoning ordinance. The planned unit development regulations need not be uniform with regard to each type of land use if*

equitable procedures recognizing due process principles and avoiding arbitrary decisions are followed in making regulatory decisions. Unless explicitly prohibited by the planned unit development regulations, if requested by the landowner, a local unit of government may approve a planned unit development with open space that is not contiguous with the rest of the planned unit development.

- (4) *The planned unit development regulations established by the local unit of government shall specify all of the following:*

 - (a) *The body or official responsible for the review and approval of planned unit development requests.*
 - (b) *The conditions that create planned unit development eligibility, the participants in the review process, and the requirements and standards upon which applicants will be reviewed and approval granted.*
 - (c) *The procedures required for application, review, and approval.*
- (5) *Following receipt of a request to approve a planned unit development, the body or official responsible for the review and approval shall hold at least 1 public hearing on the request. A zoning ordinance may provide for preapplication conferences before submission of a planned unit development request and the submission of preliminary site plans before the public hearing. Notification of the public hearing shall be given in the same manner as required under section 103.*
- (6) *Within a reasonable time following the public hearing, the body or official responsible for approving planned unit developments shall meet for final consideration of the request and deny, approve, or approve with conditions the request. The body or official shall prepare a report stating its conclusions, its decision, the basis for its decision, and any conditions imposed on an affirmative decision.*
- (7) *If amendment of a zoning ordinance is required by the planned unit development regulations of a zoning ordinance, the requirements of this act for amendment of a zoning ordinance shall be followed, except that the hearing and notice required by this section shall fulfill the public hearing and notice requirements of section 306.*
- (8) *If the planned unit development regulations of a zoning ordinance do not require amendment of the zoning ordinance to authorize a planned unit development, the body or official responsible for review and approval shall approve, approve with conditions, or deny a request.*
- (9) *Final approval may be granted on each phase of a multiphased planned unit development if each phase contains the necessary components to insure protection of natural resources and the health, safety, and welfare of the users of the planned unit development and the residents of the surrounding area.*
- (10) *In establishing planned unit development requirements, a local unit of government may incorporate by reference other ordinances or statutes which regulate land development. The planned unit development regulations contained in zoning ordinances shall encourage complementary relationships between zoning regulations and other regulations affecting the development of land.*

The minimum information that the Township requires to analysis the PUD has been deleted in Section 13.04 (A) (2). This is not permitted, as it is required to be in the Zoning Ordinance under MCL 125.3503 (2), (3), and (4) (b). Like the Site Plan portion of the Zoning Enabling Act, there is a reference only to incorporate by reference "other ordinances or statutes which regulate land development." Again, I do not believe Development Standards are currently an Ordinance, but a policy of the Township. Further, the procedures for application, review and approval must be defined in the Township's Zoning Ordinance, per MCL 125.3503 (4) (C). These are all proposed to be removed from the Zoning Ordinance in this amendment and placed in a "policy." This includes the requirement for a public hearing and notice, which is a specific requirement MCL 125.3503 (5). In short, these provisions must remain in the Zoning Ordinance if the Township is going to permit PUDs under a zoning process.

In making this determination, I am aware that the Michigan Court of Appeals ruled in *Cornerstone Investments, Inc. v Cannon Township*, 239 Mich App 98 (1999), that the Township's escrow application policy, requiring deposit of fees to defray costs incurred in connection with a PUD zoning application, was not an illegal delegation of authority to an administrative body or officials. However, I am of the opinion that it is one thing to set up an escrow policy by reference in the zoning ordinance for PUD review, it is another thing to remove the entire procedure and requirements for PUD approval from the Zoning Ordinance and place them in a Development Standard Policy document. I do not believe the Court would sustain such an action.

Please review this letter and contact me, if you would like to discuss further.

Regards,

John L. Gormley

Section 15.06 Signs in Residential Districts

The following signs shall be allowed in the RR, SR, UR, ERS#1, and ERS#2 zoning districts, subject to permit approval in accordance with Section 4.03 and the following standards. Such signs shall only pertain to permitted or special land uses or a legally nonconforming non residential use, and shall be located upon the same property to which the sign relates, unless otherwise provided herein.

- A. Agricultural Product Signs: In the RR district, one sign advertising agricultural and/or horticultural products grown on the premises shall be permitted in conjunction with a temporary roadside stand. The sign shall not exceed twenty (20) square feet in area, four (4) feet in height nor be located closer than fifteen (15) feet to any property line. The sign shall be erected not more than two weeks prior to opening of sales and removed within one (1) week of the end of sales.
- B. Farm Signs: Signs in the RR district displaying the name of farm, not to exceed thirty-two (32) square feet in area and six (6) feet in height if freestanding. One (1) such sign shall be permitted per farm, in addition to the home occupation sign permitted under item C below. Such a sign may be indirectly illuminated, provided that all lighting equipment for these signs shall be designed to illuminate the sign only and shall not interfere with driver visibility or cause glare on adjoining properties.
- C. Home Occupation/ Based Business Signs: one (1) wall sign per parcel containing a permitted use, not exceeding four (4) square feet in area. Such signs may not be illuminated and must be consistent with the residential character of the neighborhood in which they are to be located. ~~Within the Rural-Residential (RR) district, one (1) freestanding sign may be substituted for a wall sign.~~ Free standing signs shall not exceed six (6) square feet in area or four (4) feet in height and shall be located no closer ~~to the right-of-way (ROW) line than one-half (1/2) the required front yard~~ than fifteen (15') feet from the road right-of-way (ROW).
- D. Non-Profit Organization Signs: Permanent, free-standing signs identifying churches, schools, museums, libraries or other non-profit institutions, at a rate of one (1) sign per parcel, with a minimum setback from the street right-of-way of fifteen (15) feet, which does not exceed thirty-two (32) square feet in area and six (6) feet in height.

- E. Residential Development Entranceway Signs: Permanent freestanding signs or signs affixed to decorative walls or fences identifying the entrances of residential developments such as subdivisions, apartment complexes, condominium communities, senior housing complexes, mobile home parks and similar residential uses, at a rate of two (2) per entranceway not to exceed a total of two (2), with a minimum setback from the street right-of-way of fifteen (15) feet, and not exceeding twenty (20) square feet in area and six (6) feet in height. Where such sign is placed upon a decorative wall or fence, the area of the sign shall be computed by measuring the area of the envelope required to enclose the lettering, graphics and border, if any, not the entire decorative wall or fence.
- F. Temporary Construction Signs: Temporary signs which advertise the construction of new residential subdivisions or similar permitted development, not to exceed thirty-two (32) square feet in area and six (6) feet in height. Such signs shall be removed immediately after the last available lot, home site or parcel is sold.
